NEWS RELEASE

EXTENSION OF BONDS

Hong Kong, August 19, 2019 – Primeline Energy Holdings Inc. (“Primeline” or the “Company”), listed on the TSX Venture Exchange Inc. (the “TSX-V”) under the trading symbol “PEH”, announced today that, through the continuing support of its Chairman and major shareholder, Mr. Victor Hwang, the maturity date of of US\$11,300,000 principal amount of bonds (the “**2018 Bonds**”) issued to Primeline International (Holdings) Inc., a company wholly-owned by Mr. Hwang effective 14th August 2018 has been extended from 14th August 2019 to 14th August 2020. Interest is payable on the 2018 Bonds quarterly at 7% per annum, of which 4.5% is payable in cash and 2.5% in ordinary shares of Primeline (“**Shares**”) issued at a deemed price per Share equal to the higher of (i) the closing price of the Shares on the TSX Venture Exchange (the “TSX-V”) on the day before; and (ii) the volume-weighted average trading price of the Shares on the TSX-V for the 10 days preceding; the interest payment date. The 2018 Bonds are convertible into Shares, at the option of the bondholder, until August 4th, 2020, at a conversion price of CAD\$0.70 per Share.

The extension of the maturity of the New Bonds is a “related party transaction” for Primeline within the meaning of Multilateral Instrument 61-101 (“**MI 61-101**”), in that Mr. Hwang is Primeline’s President, Chairman and majority shareholder. Primeline will rely on the exemption from the valuation requirement of MI 61-101 at Section 5.5(b) of MI 61-101, which it is entitled to do as none of its securities are listed on the Toronto Stock Exchange or certain other stock exchanges outside of the United States and Canada. Primeline will rely on the exemption from the minority approval requirement of MI 61-101, on the basis that (i) repayment of the 2018 Bonds, in the absence of the extension, would have resulted in serious financial difficulty for Primeline; (ii) the extension is designed to improve the financial condition of Primeline; (iii) Primeline is not insolvent; (iv) Primeline has one or more independent directors in respect of the transaction, and (v) Primeline’s board, and at least two thirds of the independent directors, each acting in good faith, have determined that (i) and (ii) apply, and that the terms of the transaction are reasonable in the Primeline’s circumstances. Primeline believes it is reasonable and necessary in the circumstances that this press release is filed less than 21 days before the extension, as Primeline required the extension from in order to meet its short-term cash requirements.

Forward-Looking Statements

Some of the statements in this news release may contain forward-looking information, which involves inherent risk and uncertainty affecting the business of Primeline. Although these statements are based on assumptions management believes to be reasonable, actual results may vary from those anticipated in such statements. Exploration for oil and gas is subject to the inherent risk that it will not result in a commercial discovery.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
